MIGRANT EDUCATION

Title I migrant education is a federally-funded program that assists selected local school districts in providing supplemental education services needed by migratory children. The program helps children develop oral and written language, and other communication skills. It also focuses on reading, mathematics, and other core subjects to improve student achievement. Coordinated support services may also be provided. Local school districts may submit funding applications per departmental guidelines.

Who is Eligible?

A child may be eligible for the migrant education program if they move, with parents or on their own, from one school district to another for a qualifying agricultural or fishing employment activity in the past 36 months (three years). This work must be directly related to the planting, cultivating, harvesting (including tree harvesting), or processing of crops, dairy products, poultry, or livestock. Fishing activities must relate to the catching or processing of fish or shellfish. The agricultural or fishing activities must be intended for initial commercial sale or personal subsistence. There are no ethnic, national origin, income, or language requirements for determining whether a child qualifies to be counted for eligibility.

Educational and Support Services

An eligible child may be selected for program services according to a local school district's assessment of the child's needs. Services include parent participation in the planning and evaluation of the program. Services may also include:

- Grades pre-K to12 Integrated Classroom Instruction
- Secondary School Services: TAKS and STAAR
 Testing, PASS (9-12), Mini-PASS (6-8), ESL, UT-Austin
 Coursework
- Math MATTERS
- Out-of-School Youth, Credit Accrual and Support Services
- Parent Engagement and Support Services
- Coordinated Referral Services

PROGRAM PURPOSE

Text from No Child Left Behind Act of 2001 Title I, Part C - Education of Migratory Children Section 1301 - Program Objective

"It is the purpose of this part to assist States to —

"(1) support high-quality and comprehensive educational programs for migratory children to help reduce the educational disruptions and other problems that result from repeated moves;

"(2) ensure that migratory children are provided with appropriate educational services (including supportive services) that address their special needs in a coordinated and effective manner;

"(3) ensure that migratory children have the opportunity to meet the same challenging State content standards and challenging State student performance standards that all children are expected to meet;

"(4) design programs to help migratory children overcome educational disruption, cultural and language barriers, social isolation, various health-related problems, and other factors that inhibit the ability of such children to do well in school, and to prepare such children to make a successful transition to postsecondary education or employment; and

"(5) ensure that migratory children benefit from State and local systemic reforms."

The Wisconsin Department of Public Instruction does not discriminate on the basis of sex, race, color, religion, creed, age, national origin, ancestry, pregnancy, marital status or parental status, sexual orientation, or disability.
